Optima
deluxe

The best of the sun

The Optima combines all advantages of light for beauty and health.

Perfect tanning, moisture skin and the stimulation of the formation of vitamin D.

And all that without facial tanners.

Attractive appearance thanks to ruby-collagen-booster

90 unique ruby-collagen-booster spread over the face, décolleté and legs activate the body's own collagen production there, where it is the most important. As a result the elasticity of the skin increases again and wrinkles and lines will be reduced. Women love it.

megaSun®
5600

**Elegant, modern
and unique**

The 5600 possesses everything,
what represent a modern solarium.

Its distinctive design creates the
right atmosphere in your salon.

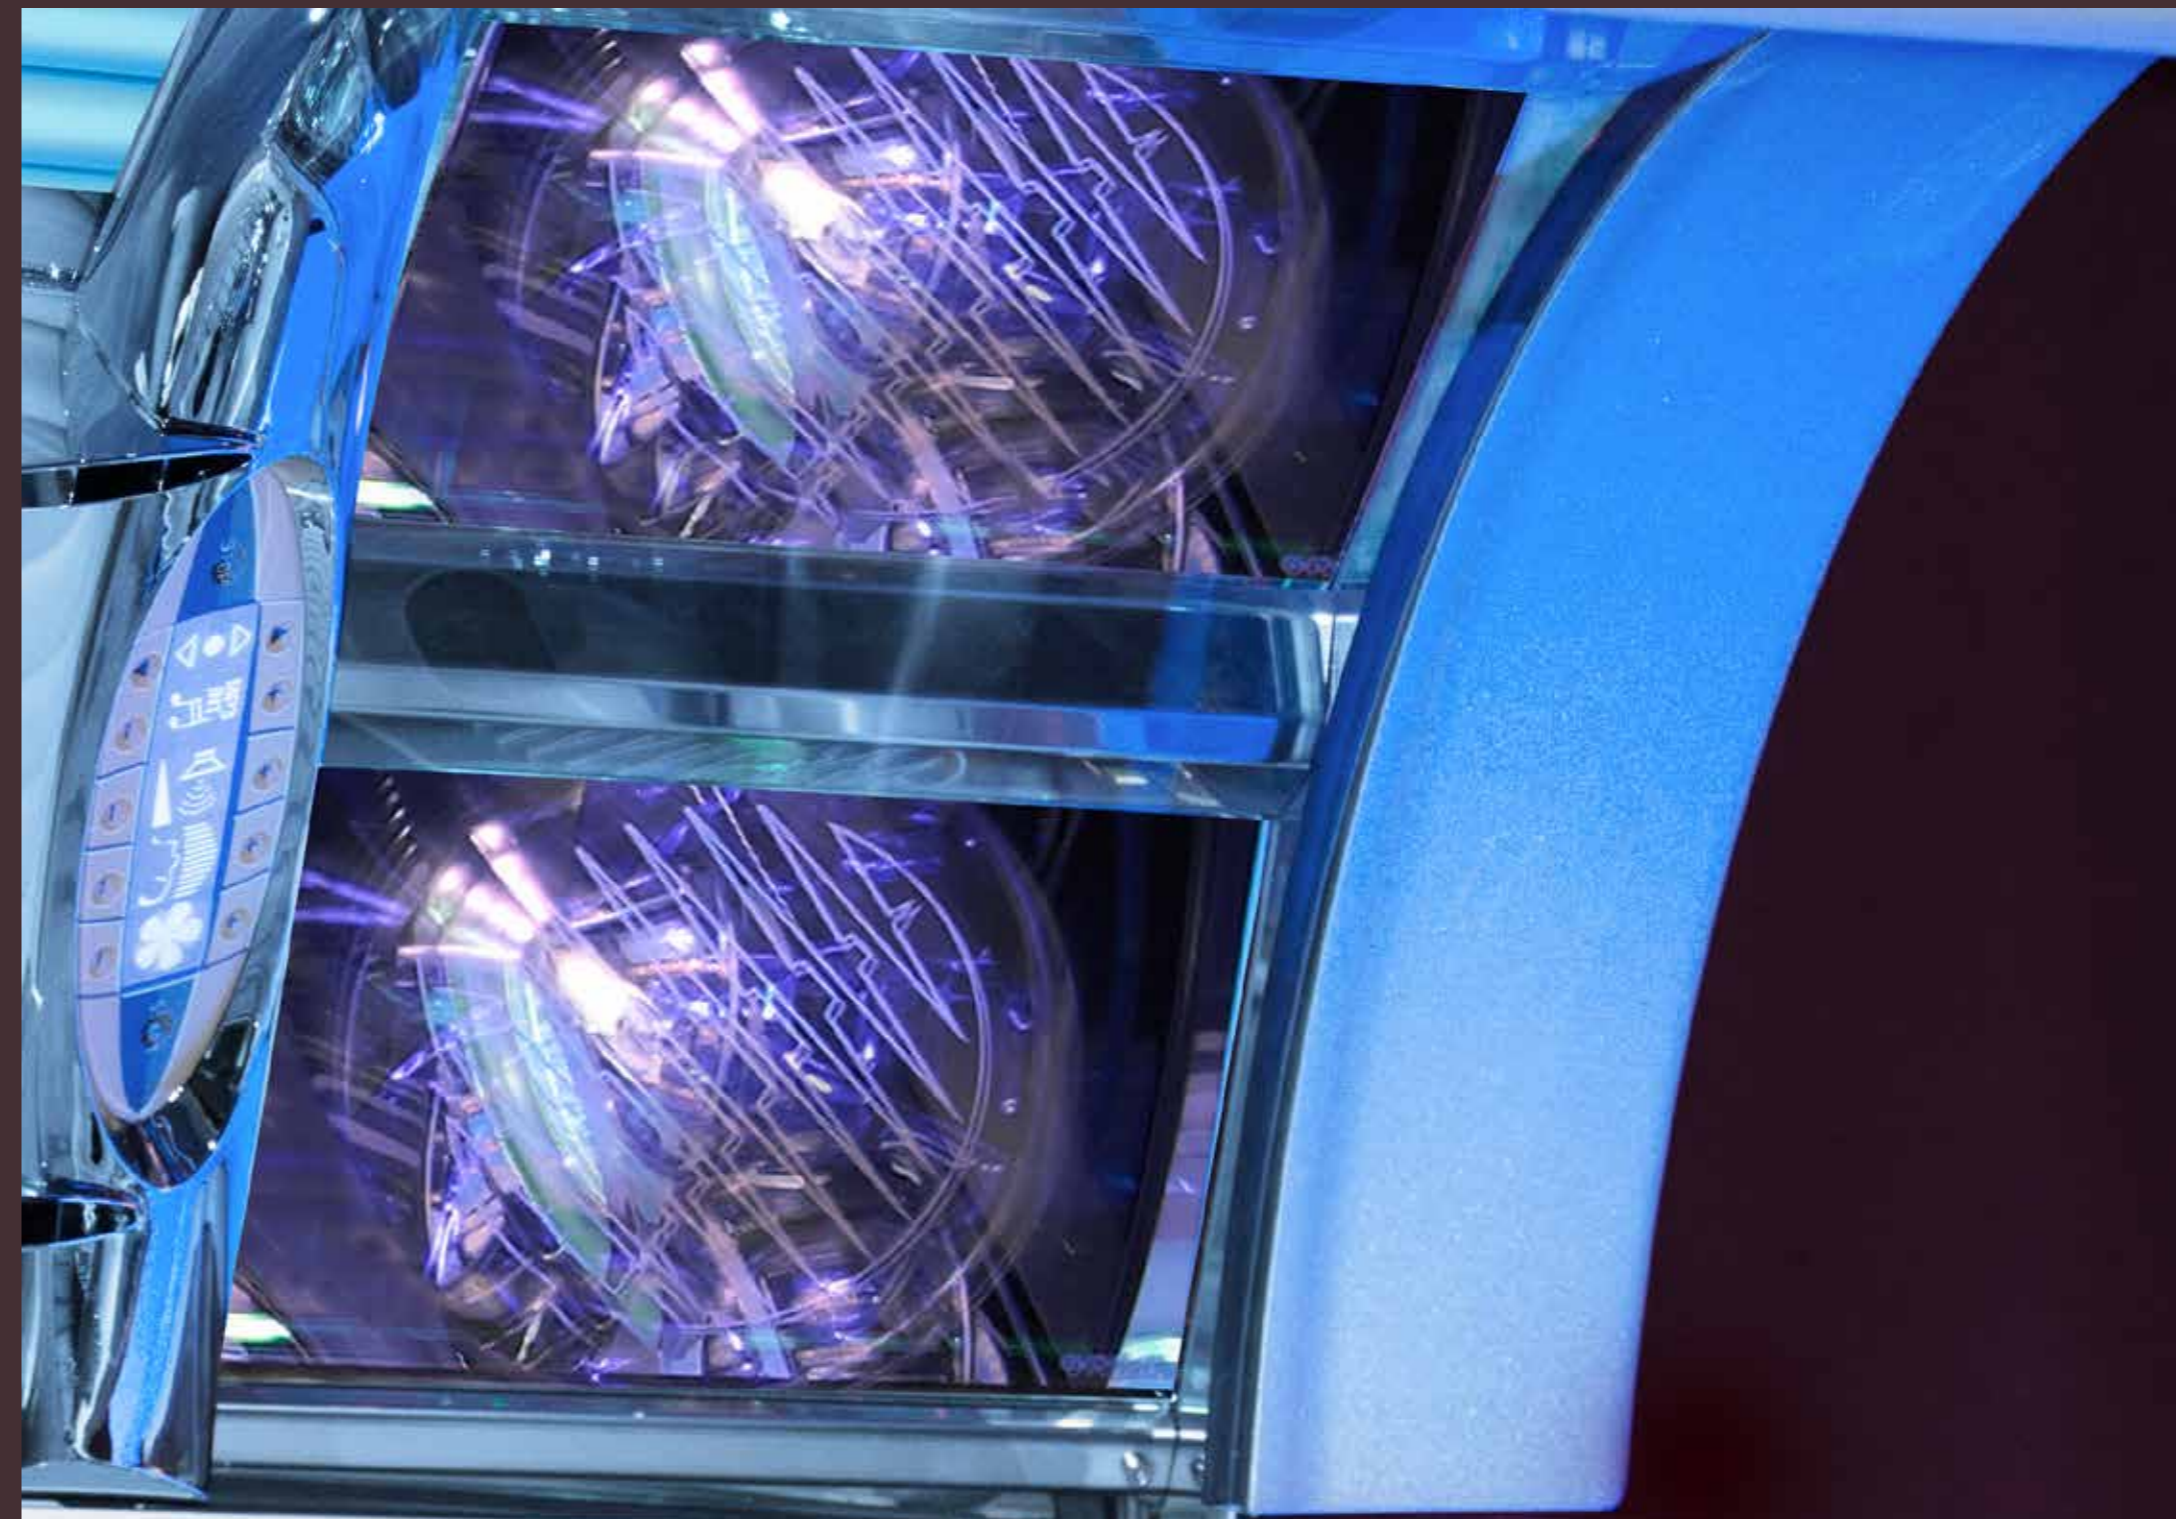

Facial tanner

For demanding ones, the 5600 has the facial tanner evoSystem2. Specially developed reflectors for a perfect power distribution. Can be, of course, switched off separately.

Completely megaSun.

megaSun[®] 4800

Love for detail

The 4800 explains the tanning without further ado for a pure pleasure of light and life. In every way a real megaSun: optical modern stylish and technically the very best.

sportCollarium® revolution D

As an international leading light expert with over 20 years of experience KBL AG developed as first manufacturer already 2009 the premium-Collarium®. The unique combination of collagen-light-therapy with optional suitable skin type tanning connects the individual health and athletic aspects of our demanding costumers.

KBL is MADE IN GERMANY!

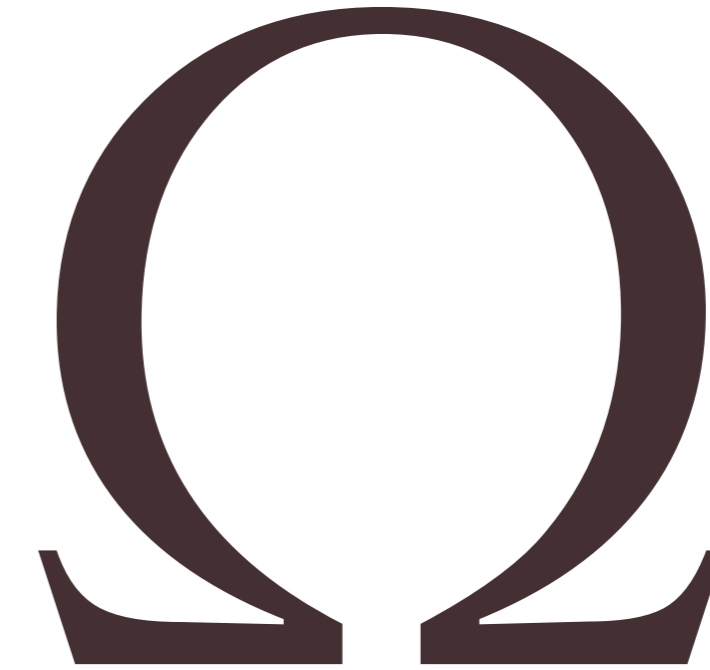

Light and sport belong together

revolution D is specially developed for the fitness industry. The vitamin D formation is to the fore of the revolution D. And a sufficient vitamin D level helps to regenerate and support the athletic fitness.

KBL has also a revolution D Tower on offer. You can find it in the actual Tower-brochure.
